

## Part Number Change Note

### RE: Adding Part Number Prefix to various SYSTEC Products

Effective June 30, 2010 PHYTEC America will change all part numbers for SYSTEC DIPmodul, CANopen-Chip, and CAN-Ethernet Gateway products by adding a new prefix to the existing part numbers. There are no functional changes to any of these products associated with this part number change. This part number change will harmonize PHYTEC's part numbering system in that now all SYSTEC products have the "SYS" prefix included in the product part numbers.

### Part Number Change Details

Product	Old Part Number	New Part Number
<b>CANopen-Chip 505*</b>	MM-214-CA05V2 MM-214-KSM03	<b>SYS-MM-214-CA05V2</b> <b>SYS-MM-214-KSM03</b>
<b>DIPmodul-164</b> <b>CANopen-Chip 164</b>	MM-215 MM-215-I MM-215-KSM09 MM-215-Y	<b>SYS-MM-215</b> <b>SYS-MM-215-I</b> <b>SYS-MM-215-KSM09</b> <b>SYS-MM-215-Y</b>
<b>DIPmodul-F40</b> <b>CANopen-ChipF40</b>	MM-217 MM-217-Y	<b>SYS-MM-217</b> <b>SYS-MM-217-Y</b>
<b>Development Board for</b> <b>DIPmodul/CANopen-Chip</b>	MM-993	<b>SYS-MM-993</b>
<b>CAN-Ethernet Gateway</b>	GW-003-10 GW-003-20	<b>SYS-GW-003-10</b> <b>SYS-GW-003-20</b>

\* This part is not recommended for new designs.
